We have not had a single approach regarding participation requests to date. However, we proactively consider equality and diversity when delivering our functions. Section Five – Community Empowerment Act Review

The following questions relate to the Scottish Government review of the Community Empowerment (Scotland) Act 2015. We would value your feedback as a public service authority concerned with part 3 (participation requests) of the Community Empowerment (Scotland) Act 2015. Please note, any comments provided here would be anonymised, and would only be used in the context of the review.

5.1 Has the legislation made it easier or more difficult to work with communities to improve services? Please provide some comments on your experiences as a public service authority engaging with this legislation.

As we have not received any requests we have not engaged with the legislation other than setting up our processes to promote and respond to a request.

5.2 Where can things be further improved, and what needs to change?

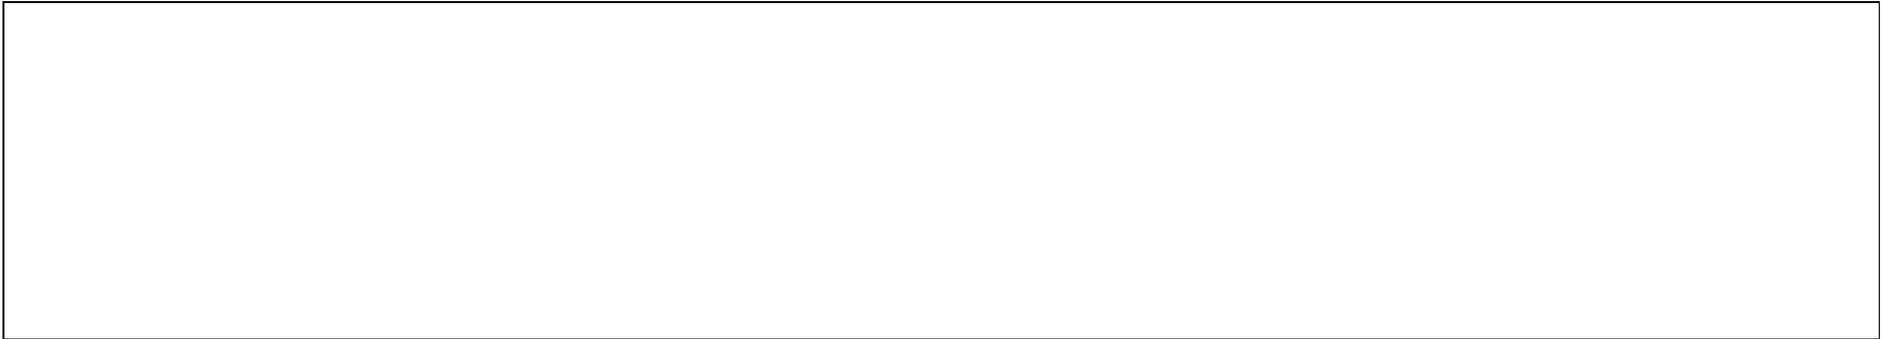

Unable to comment as we have not had experience of responding to a request.

5.3 Are you aware of what support is available to you e.g. [Scottish Government advice and resources](#), [SCDC's Participation Request pack](#), Social Studies PR Toolbox, when engaging with this legislation, and how you can access this? Is there any support you think you would benefit from when engaging with this legislation. Please provide comments where possible.

Yes, aware of the resources available and who to engage with if additional support is required.

5.4 What would you like to see now, to further empower Scotland's communities?

HIE submits responses to relevant consultations on land reform and community wealth building. We consider there to be scope for Part 2 of the Land Reform Act 2003 (registering an interest in land) to be simplified.
